

# Agitators, Tank Lids & Strainers

## Agitators

### Hydraulic Agitator

An efficient agitator can double the agitation of your tank mix. This hydraulic agitator hooks up to the pressure line. Elbow or straight version available.

### Supa-Mix Agitator

This efficient, hydraulic agitator takes both high and low pressure return lines, and can turn over the contents of a 3000 litre tank every 3 minutes.

### SupaFlow Venturi Agitator

Hydraulic agitator with inspection hole. Can be adapted to various tank shapes. Double Venturi circuit to increase efficiency and reduce water consumption. Threaded G 1/2" connector for simple installation on tank. Suitable for low pressure (nozzles Ø 5 - 7 - 9mm), or high pressure (nozzles Ø 2 - 3mm) operation. Polypropylene body.
