Flojet Pump Filter Options

ORDER CODE	DESCRIPTION	\$ (EX. GST)	\$ (INC. GST)	PROD. CAT.
A309TB53	Clear filter, with bayonet coupling to connect to 43 series Flojet pumps. Inlet to filter is a 13mm tail.	17.79	19.57	Y
A309T953	Clear filter, with threaded female 1/2" flynut connector. Some Flojet pumps have a female 3/8" inlet, so a 3/8" to 1/2" reducing nipple (A2402021) is required to fit this filter. Inlet to filter is a 13mm tail.	17.79	19.57	Y
UP-119A	Handy On/Off Switch & Loom Kit For Flojet Pumps (or similar models)	28.14	30.95	Y

Pictured: Typical floJet pump with A309TB53 filter fitted, and A9620050/A908006 PRV+ gauge fitted.

Flojet Pump Regulator Kits

ORDER CODE	DESCRIPTION	\$ (EX. GST)	\$ (INC. GST)	PROD. CAT.
A9620050	Regulator with bayonet fitting for direct coupling to the outlet of 43 series Flojet pumps to regulate pressure & flow. Regulator has a bypass to tank or suction line. 1/2" male threaded outlet. Order gauge separately.	26.94	29.63	Y
A9620090	Regulator with threaded female 1/2" flynut connector. Some Flojet pumps have a female 3/8" outlet, so a 3/8" to 1/2" reducing nipple (A2402021) is required to fit this regulator. Regulator has a bypass to tank or suction line. 1/2" male threaded outlet. Order gauge separately.	26.94	29.63	Y
A908006	0-6 bar glycerine filled pressure gauge to suit regulators above	28.53	31.38	Y

UP-119A Switch Kit
