

GPS Guidance & Foam Markers

GPS Guidance

TeeJet® CentreLine® 220

Throw away your foam marker and get guiding using GPS. Reduce overlaps, spray at night and improve accuracy.

Features include:

- Combined Lightbar & Graphic display, speed displayed
- Overhead map screen view
- Built-in 5Hz receiver
- Return-to-point feature
- A-B and curved A-B modes
- Compact & portable
- Plug in and go

TeeJet® CentreLine® 230BP

Upgrade to the Centreline 230 for more functionality, like:

- Boom section control capability*
- Combined Lightbar & Graphic display, speed displayed
- Overhead map screen view
- Built-in 5Hz receiver
- Return-to-point feature
- A-B and curved A-B modes
- Compact & portable
- Plug in and go

(*For use with MT3405F & BA7000 controllers. For other controller compatibility, check with Croplands Equipment)
