

Spray Guns & Gauges

Spray Guns and Lances

Swissmex Spray Guns – light & easy to use for spot spraying pressures up to 10-bar (150psi). Standard gun has 500mm lance & poly adjustable cone nozzle. Adjustable version can extend from 540mm to 940mm with adjustable cone nozzle fitted. [Items 1&2]

RL10 Spray Gun – our most popular lightweight gun with 500mm steel lance, brass adjustable nozzle, rugged shut-off handgrip – for pressures up to 20-bar (300 psi). [Item 3]

Turbo400 Spray Gun – Multi-purpose high pressure gun with trigger adjustment of spray pattern from straight stream to full soft, atomized cone-spray pattern. Ideal for all agricultural spraying & nursery work. Rated to 50-bar (725psi). Metal handle with protected trigger. Swivel supplied. [Item 10]

Spot Gun 300 – Pistol-type spray gun for all handgun applications up to 4-bar (580psi). Brass, stainless steel & high resistance poly for years of use. [Item 11]

TeeJet® Spray Guns – a range of guns to suit all applications & spraying pressures. Uses include pest control, agricultural spraying, nurseries, glasshouses & heavy-duty work. [Items 4,5,6,7,8]

NEW Turbo400RG Gun – New generation Turbo gun with pattern adjuster on left & right, bayonet cap for quick nozzle change or cleaning, nebulizer settings to match nozzle size being used, safety trigger lock & ergonomic thermoplastic construction. [Item 9]

Evolution Turbine Gun – ideal for high pressure spraying and washing up to 60-bar (870psi) and distances up to 15 metres. Adjustable front handle adjusts spray angle as you spray. Made for heavy-duty work. [Item 12]
